EXPERIENCE

Event & Commercial Photographer

2016 - Present

- Executed high-end photography projects for client campaigns across fashion, editorial, and e-commerce.
- Oversaw pre-production logistics, lighting management, and client communication from briefing to final delivery.
- Delivered consistent, high-quality work within restrictive time constraints.

Visual Merchandiser, Arket Berlin

April 2023 - Present

- Managed physical space presentation, inventory handling, and spatial layout execution in a fast-paced environment.
- Documented visual displays and created digital archives for internal communication.
- Maintained strict standards for presentation, organisational safety, and prop placement.

Event Photographer, Hosek Contemporary

June 2018 – April 2023

- Documented events and exhibitions with a focus on capturing atmosphere and key moments.
- Delivered curated and edited images under tight deadlines.
- Worked closely with event producers to support smooth timelines.

E-Commerce Photographer, NAKT Studio

December 2020 - February 2021

- Created content based on the client's aesthetic for e-commerce and editorial campaigns.
- Managed all pre-production including model booking and location scouting.
- Photo manipulation including retouching portraits, enhancing lighting for high-quality presentation, and digital archiving.

E-Commerce Photographer & Studio Coordinator, MASKULO (Armour GmbH)

July 2020 – November 2020

- Coordinated full studio organisation: prepped continuous and flash lighting rigs, managed backdrops, and organised prop inventory.
- Executed tethered shooting and supported smooth workflow timelines for high-volume shoots.
- Retouched, colour-corrected, and archived final deliverables swiftly.

OTHER EXPERIENCE

Retail Store Manager, Flying Tiger Copenhagen

July 2013 – May 2018

- Managed team operations, inventory, and visual presentation.
- Performed administrative tasks to support store operations.
- Gained experience in time management, multitasking, and problem solving in high-pressure settings.
